This page represents a strong message about how Kurt Nielsen's music connects with people.

You may realize that it typically starts with relief/release then very interesting things begin to happen

"What are these vibrations I feel now that the music has stopped? That was DEEP.

As I'm typing my hands feel like feathers."

"I felt like a HUGE wave like a push in me, & tears came out hard, but it felt GOOD! &

felt like everything bad, negative was forced out & at the same time INCREDIBLE JOY,

& RELIEF, & then I couldn't stop laughing!! The energy felt extremely strong. "

"Good Golly, Miss Molly! It was serendipitous to find this, and hard to believe until it's

happening! It feel like a tender, exquisite pressure around the chakras, as if the body

is too small to hold wheels of energy! Thank-you for your gift!"
